

SHELTER-IN-PLACE SURVIVAL GUIDE

DO WE HAVE ENOUGH?!?

T.P. ESTIMATOR SHEET

<input type="text"/>	# Number of rolls in house
÷	# Number of people in house
=	# of rolls per person
÷	days of shelter-in-place
=	% of roll per person per day.

.21 equals

D.I.Y. T.P. ROLL METER

- 1 print out template on Letter-sized paper.
- 2 cut out roll meter guide; cut out center hole.
- 3 Place meter guide on T.P. roll holder with printed side towards roll, on the side of the roll furthest from the toilet. (provides max visibility!)
